

2018 PBISaz Film Festival

Information for BET-C Program....

Please include the Film Festival logo from last year

4:00 PM Film Festival Reception

Join host Matt Abney, Principal of Rattlesnake Ridge Elementary School in Marana Unified School District, as he showcases the best 2018 PBIS videos at our festival immediately after the last BET-C session.

Congratulations to all PBIS schools who entered the PBISaz Film Festival!

The quality, sophistication and polish of school-made PBIS videos continues to rise every year. This year, the review committee watched fantastic films made in Arizona and from across the globe. We applaud the creativity, innovation and talent put forth from all schools who submitted videos.

Judging criteria for all videos aligned with the International Association of Positive Behavior Support film festival. Winning entries met criteria such as: school-wide engagement in PBIS with a strong and clear message, explicit skill instruction, using positive language, including engaging video tactics and showing quality video production features.

Watch all videos at BET-C.org/awards
